

There may be some mild redness, swelling, or bruising around the injection site immediately after the procedure, but these side effects usually subside within a few days.

WE RECOMMEND THE FOLLOWING AFTERCARE ADVICE:

DO NOT touch the area for 6 hours following this treatment, and no application of any make-up or any additional products for 12 hours.

DO NOT take long showers, hot baths, or saunas for 24 hours after treatment.

DO NOT exercise or swim for 24 hours after treatment.

AVOID UV for 48 hours, and **ALWAYS** use sunscreen.

DO NOT use aggressive treatments for up to 72 hours after treatment.

DO NOT use eye cream for 24 hours.

DO sterilise glasses and sunglasses.
