

Your Practitioner will have informed you what to expect following your treatment with dermal filler, but please read and follow the instructions given below:

MAJOR CONCERNS:

- Severe pain to the face (toothache/earache type pain)
- Blanching to the skin (white areas)
- Increased numbing time to face (greater than 6 hours)
- **Call the emergency number below immediately should any of the above occur.**

• Within the first 24 hours, you should avoid:

1. Strenuous exercise
2. Extensive sun or heat exposure
3. Alcoholic beverages.

EXPOSURE TO ANY OF THE ABOVE MAY CAUSE:

- Temporary redness
- Swelling and or itching at the injection sites (*If there is swelling, you may need to place an ice pack over the swollen area*)
- Make-up can be applied 24 hours after treatment.
